## ABI Harrogate

The Harrogate Lodge is quite breath-taking.

Entrance to the lodge presents a hallway with a bench to sit on while putting on / taking off footwear as well as hooks for coats etc and a dresser with mirror above. When you have this on offer as soon as you walk in the door, you begin to expect great things to come...

Turning into the main living area is one of those moments that you really want to show to other people. The feeling of space and luxury is a fantastic experience and the view through the main glazed elevation is the icing on the cake - what a superb plot to bring out the best in the Harrogate.

The open plan living area has two large sofas, a dining area for 4 people and a superb kitchen.

The side hallway also takes you to the utility room - what a bonus! - the family bathroom with a full size bath, the guest bedroom is comfortably furnished and finally the master bedroom with King size bed, dressing table, lots of wardrobe and drawer space and to top it all an en suite shower room.

Do come and see it, it is quite superb.
