ABI Beaumont  
2 bedroom 42' x 14'

The truth is even the fluffy words on the ABI website about the new Beaumont don't really come close to capturing the feeling you get when you step inside.

Although it is 14' wide, there is so much space inside – thanks to the great design and layout – one still can't quite work out how they have made the home look so spacious and yet so cosy and intimate at the same time.

Top quality finishes, from the furnishings to the little touches, there is something to impress at every turn. A fantastic living area sets the tone for the rest of the holiday home. The guest bedroom, with twin beds is stylish, there's a family shower room, a large master bedroom which has a walk-in dressing area leading to the en-suite bathroom.

It's just perfect &
